Four Corners Association exists to foster a square dance environment which is welcoming and integrating to new dancers. *FCA* believes that since callers are the *face* of this square dancing, they should always serve to keep square dancing open and relevant. The goals of the *FCA* are: *Callers* – recruit and mentor callers; *Clubs* – create opportunities for new and existing clubs; *Program* – develop recruitment and retention of programs; *Dancers* – focus on the dancers - *it's not dancing without people!*
