*Four Corners Association* exists to foster a square dance environment which is welcoming and integrating to new dancers. *FCA* believes that since callers are the *face* of this square dancing, they should always serve to keep square dancing open and relevant.

The four goals of the *FCA* are: **Callers** – recruit and mentor callers. **Clubs** – create opportunities for new and existing clubs. **Program** – develop recruitment and retention of programs. **Dancers** – focus on the dancers - *it's not dancing without people!*
